Drink "politics" not as significance - a practice or strategy in which the great federal power is used to corrupt the law
(which the great use law DJ investigators the always threaten)
what it is part is stated the agency is who investigates
the DJ? It has the only investigative arm of the
only prosecutorial arm.
All the [illegible] officials quoted have been part of
cover-ups, as is Barr in more than one instance. These
are the facts needed to solve the problems of the present
and of the past of which they are part?
